

Child and Youth Placement Information

The Child Protection Worker shall provide all available and required information to foster parents for each child or youth placed in their foster home.

REFERENCE

Department of Health and Social Services Policy

PURPOSE

- To ensure that foster parents are provided with adequate information about the child or youth's case plan to provide the appropriate level of support and guidance.
- To identify any issues of concern in regards to the child or youth's behaviours or any particular health concerns, allergies, recreation, routine and/or visitation schedules.

PROCEDURE

1. Complete a *Child Placement Information* form for each child being placed.
2. Provide and review the *Child Placement Information* form with the foster parent(s) and advise when follow-up information may be available and from whom.
3. Place a copy of the completed form on the child or youth's file.
