Facility-based Addictions Treatment Resources for Gambling Addiction

Facility	Can clients attend facility exclusively for gambling addiction treatment?	Can clients attend facility for gambling addiction concurrent with substance use?
Aventa	Yes Programs are for women with any type of addiction; programming is integrated and not separated by substance abuse or gambling. Focus is on building trauma awareness, and increasing one's understanding of the connection between trauma, mental health and addiction.	
Cedars	No	Yes, this facility has some resources for gambling addiction but only if it is co-occurring with substance use as treatment is centered on substance use. This facility can also provide accessibility to additional community resources, and their Clinical Director is a Canadian Certified Addiction/Gambling Counsellor.
Fresh Start	No	Yes, this facility can treat gambling as a secondary addiction alongside substance use.
Renascent	No	Yes, this facility does have some resources for gambling addiction, but only if it is co-occurring with substance use as treatment is primarily centered on substance use.
Sunrise	Yes It is not a separate program from the substance abuse program. Within the regular programming, there are two groups focused completely on gambling, and clients can choose to attend Gambler's Anonymous meetings for their outside meeting requirements.	
Thorpe	No	Yes, this facility can treat those who have gambling as a co-occurring addiction with substance use. A process group for gambling runs once a week.
