

Guiding Principles for Planning and Undertaking Voluntary HIV Testing

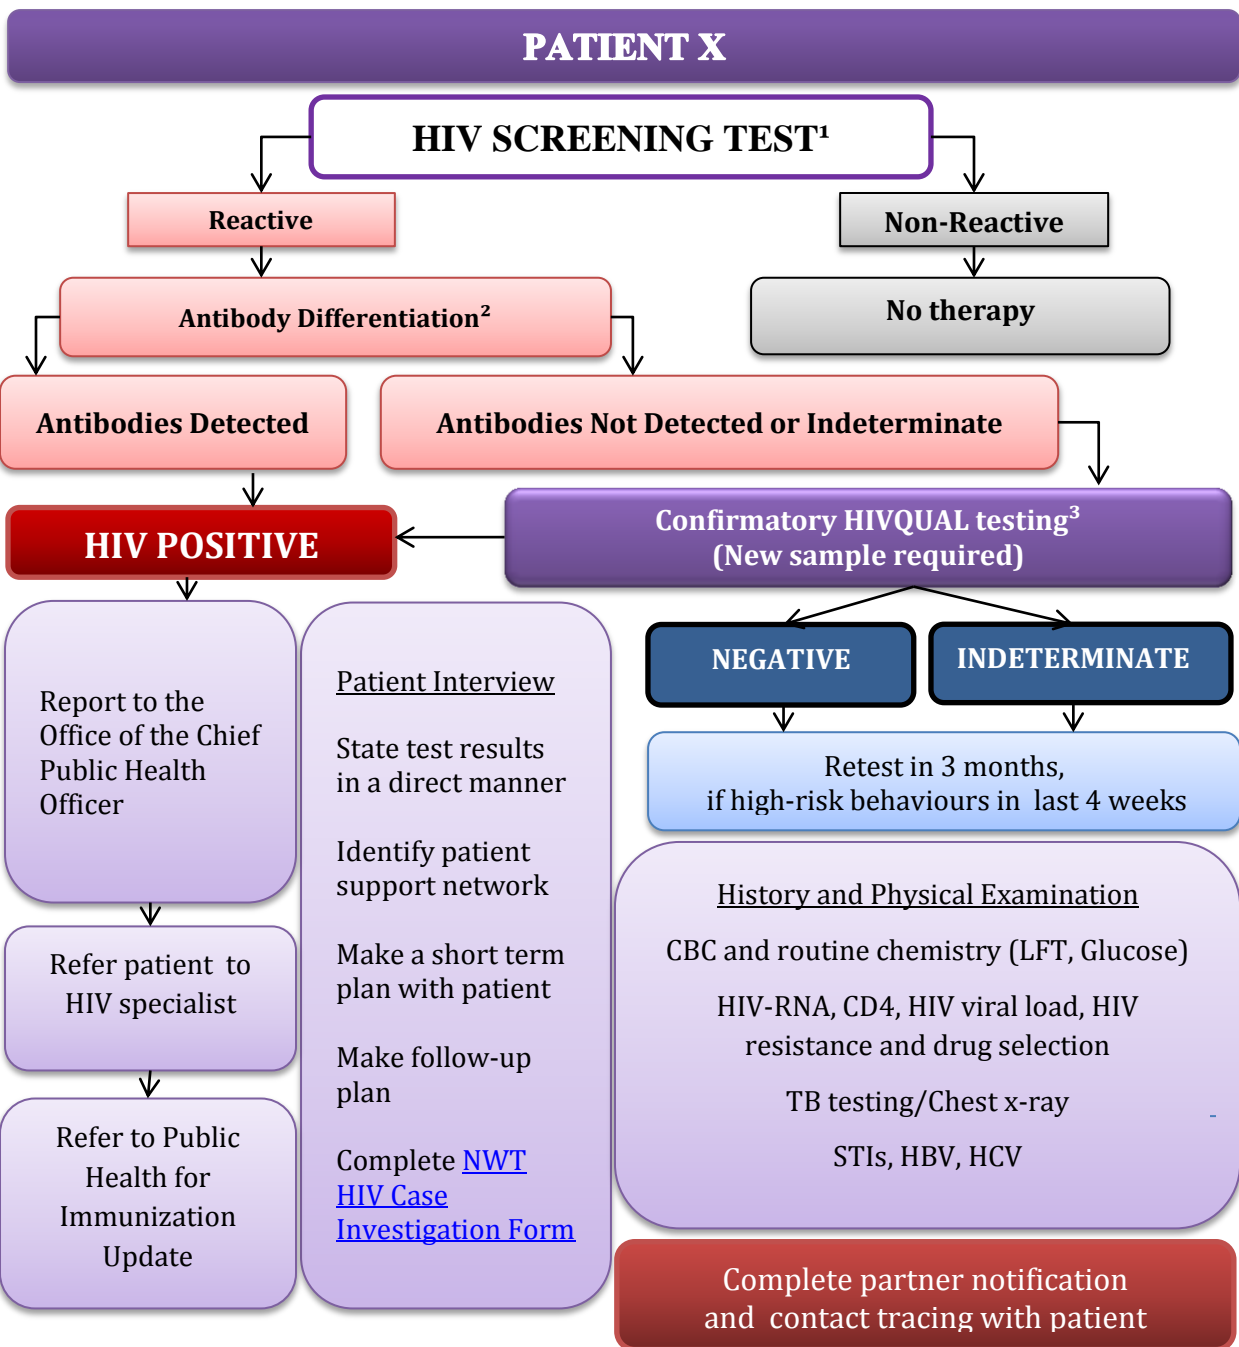

NWT Clinician's Desk Reference

For More Detailed Information on Counseling, Testing and Management of HIV/AIDS, Please Consult the NWT HIV/AIDS Manual for Health Practitioners

Protocol for HIV Testing and Case Management

NWT Clinician's Desk Reference

¹Adapted in part from the 2016 [Alberta Provincial Lab HIV Diagnostic Algorithm](#)

²Western blot confirmation has been replaced by the Geenius™ HIV-1/2 Antibody Differentiation Assay.

³Prov Lab has implemented an active reminder to physicians that will be triggered when a request for HIVQUAL samples exceeds 10 days.

For more information on HIV/AIDS Counseling, Testing and Management consult the [NWT HIV/AIDS Manual](#).

Revised August 2016
