

## GNWT Established Pharmacy Compensation and Professional Fee Reimbursement Schedule

Effective as of January 1, 2024

Product	Cost	Pharmacy Up-Charge	Dispensing/ Professional Fee
Prescription Drugs, Eligible Over the Counter (OTC) drugs, Injectables	Actual Acquisition Cost	20% \$100 cap	\$13.00
Diabetic, Blood and Urine Testing Supplies	Actual Acquisition Cost	20% \$100 cap	\$0.00
Extemporaneous (Compounded) Mixtures	Actual Acquisition Cost	20% \$100 cap	\$18.00
Medical Supplies / Equipment	NIHB MSE Maximum Price List	10%	\$0.00

**Actual Acquisition Cost**, as defined in the agreement between the Pharmacy and Alberta Blue Cross, means the net invoice cost for a drug or drug product after deducting from the invoice cost, the value of price reductions paid or credited by the manufacturer, wholesaler, or other party to the Pharmacy.

**Pharmacy Up-Charge** means the maximum percentage charge allowed on the Actual Acquisition Cost to the cap limit.
